

## **Partial Closure of the Cyberport Waterfront Park for Temporary Works**

In order to obtain preliminary technical parameters for the Cyberport expansion project proposed in the 2019/20 Budget, a small portion of the Cyberport Waterfront Park will be temporarily fenced off for ground investigation works until early July 2021.

Park users are cordially reminded to avoid the fenced-off area, which is expected to be reopened to the public upon completion of the works. Meanwhile, most of the park area will remain open for public enjoyment.

Apologies for the inconvenience that the temporary arrangements aforesaid may cause.
