

The world is undergoing a digital transformation, and driving this revolution is I&T, which is creating a strong impetus for sustainable growth. We are vanguard of change – now is the time to strike while the iron is hot, leveraging the opportunities community companies have in front of them to develop innovations that meet the zeitgeist of our times.

創新科技正推動數碼轉型成為世界主流，為可持續增長注入強大動力。作為變革先驅者，社群企業應把握良機，開發符合時代潮流的創新產品。

To achieve these noble goals, Cyberport redoubled efforts in 2022/23 to provide robust support to foster I&T industry growth, and connect our companies to opportunities worldwide. We have been proactive in developing new initiatives to assist Hong Kong to capitalise on emerging opportunities, particularly in Web3, and relevant technologies.

為達致該等崇高的目標，數碼港於2022/23年度加倍努力，為促進創新科技行業發展提供強大的支援，並為社群企業網羅世界各地的商機。我們一直致力於積極制訂新措施，協助香港把握新興機遇，著力推動Web3及相關技術的發展。

Digital Economy Summit to Lead a Smart Future

數字經濟峰會引領智慧未來

To promote Smart Living, we relaunched with the HKSAR Government the signature **Digital Economy Summit** (DES) (formerly the Internet Economy Summit (IES)), with an "Emerging with Resilience: Fostering a Smarter Future" theme. The hybrid forum featured more than 100 influential leaders from technology, business, academia, and government. The speakers shared thought-provoking insights, successful use cases, and actionable ideas across eight thematic forums. At the Experience Zone and virtual platform, community companies also showcased solutions spanning smart economy, Smart Living, new industrialisation, and smart mobility. Continuing its legacy as Asia's leading I&T event, the event drew an unprecedented attendance of more than 4,000 participants from 40 countries and regions, logging over 300,000 views, engaging a record number of sponsors and supporting partners, and nearly tripling media coverage received in 2019, when the summit was last held.

為促進智慧生活，我們與香港特區政府重啟標誌性活動「**數字經濟峰會**」（前稱互聯網經濟峰會），以「**蛻變前行 共創智能未來**」為主題。是次峰會以混合模式舉辦，100多位來自科技、商業、學術及政府界別的精英領袖參與其中。演講者在八場專題論壇上分享發人深省的見解、成功的使用案例及可行的理念。於體驗專區及虛擬平台上，社群企業亦展示涵蓋智慧經濟、智慧生活、新型工業化及智慧出行的解決方案。作為亞洲首屈一指的創新科技盛會，活動吸引來自40個國家和地區逾4,000位參與者，達到前所未有的盛況，觀看人次超過30萬，贊助商及支持合作夥伴的數量亦創下新高，媒體報導量幾乎是上屆峰會（2019年）的三倍。

Asia's flagship innovation and technology event **Digital Economy Summit 2023**, which was jointly organised by the HKSAR Government and Cyberport, held at the Hong Kong Convention and Exhibition Centre, and HKSAR Chief Executive John Lee, Financial Secretary Paul Chan and other key officials attended. An experience zone was set up to demonstrate the latest technology solutions from Cyberport community start-ups, partners, and more, to allow participants to have an opportunity to experience technology solutions first-hand.

由香港特區政府和數碼港合辦的亞洲創新科技旗艦盛事「**2023數字經濟峰會**」，於香港會議展覽中心舉行，獲香港特區行政長官李家超、財政司司長陳茂波等主要官員出席。會場設有體驗專區，展示來自數碼港社群初創、合作夥伴及其他公司的最新科技方案，讓峰會參與者有機會親身體驗各種最新科技。

INDUSTRY DEVELOPMENT
產業發展

A Robust Network and World-leading Professional Services

The **Cyberport Professional Services Network (CPN)** and **Cyberport Technology Network (CTN)** have gone from strength to strength, providing critical business development and technological support to community companies. This year, we added nine new partners to the **CPN**, bringing the total of full-service and specialised consultancy firms to 43, including Baker & McKenzie, Deloitte China, Ernst & Young, Grant Thornton Hong Kong, KPMG, and PwC.

This broadens the scope of professional services available to community companies at competitive rates, and offers our companies access to the insights of more **CPN** partners. In 2022/23, **CPN** members hosted 11 programmes and 13 services clinics, facilitating 85 community companies to improve their business strategies and expand their networks. Companies gained valuable knowledge and skills in a variety of business areas, including business valuation, corporate financing, tax and legal risks, intellectual property (IP), environmental, social and governance (ESG), and digital marketing in the Greater Bay Area (GBA).

We are seeing a growing demand for GBA opportunities, a chance for Cyberport and PwC Hong Kong to co-organise the **Road to GBA Start-up Programme 2.0**, assisting FinTech and green finance start-ups to land in the GBA. The CPN Circle, an online knowledge-sharing platform developed by Cyberport Company Link, also continued to connect community companies with professional experts in real-time.

The Genesis of Success is in Connection

The **Cyberport Technology Network (CTN)** carried on its proud mission to empower start-ups with the frontier technologies tools, and services of leading tech corporations. We conducted 36 business matching sessions between **CTN** members and start-ups, while events were also held for community companies to stay on top of the latest technological developments and discover opportunities. We partnered with **Cyberport Technology Network (CTN)** member Check Point Software Technologies Ltd., an Israeli multinational cybersecurity company, to launch the **"Secure by Innovation"** programme, which is seeing more than 20 start-ups raise their cybersecurity awareness, strengthen enterprise cybersecurity solutions, and meet global security standards. The programme also featured a digital solutions competition, **Secure by Innovation Competition** to nurture talent and enhance Hong Kong's competitiveness in the cybersecurity field. On the other hand, through GS1 Hong Kong, more than 20 companies learnt about leading data standards and technologies prevalent in trade finance and smart operations, inspiring them to harness the power of data intelligence.

Keeping with this theme, the **"Igniting Startups & FinTechs Program"** arranged by Cyberport Academy and Google Hong Kong provided infrastructure, computing resources, and upskilling support to 140 start-ups. The programme also provided 36 companies with Google Cloud credits worth HK\$39.17 million to help them with innovation, business scaling, and growth. Furthermore, the Cyberport Academy and Grow with Google launched the **"Start-up Cluster Training Series"**, which featured four sessions demonstrating Google's resources for innovating and improving business efficiency.

強大的網絡及世界領先的專業服務

「數碼港專業服務網絡」及「數碼港科技網絡」不斷壯大，為社群企業提供重要的業務發展及技術支援。今年，我們新增九個「數碼港專業服務網絡」合作夥伴，提供全方位服務及專業顧問的公司總數達到43間，包括貝克·麥堅時律師事務所、德勤中國、安永、致同（香港）會計師事務所、畢馬威及羅兵咸永道。

此舉擴大了社群企業能以具競爭力的價格獲得的專業服務範疇，亦令社群企業能夠獲得更多「數碼港專業服務網絡」合作夥伴的真知灼見。於2022/23年度，網絡成員舉辦11場活動及13次「初創診所」服務，助力85間社群企業改善業務策略並擴大網絡。社群企業在大灣區多個商業領域獲得寶貴的知識和技能，包括業務估值、企業融資、稅務及法律風險、知識產權、環境、社會及管治 (ESG) 及數碼營銷。

大灣區的機遇需求日益增加，藉此契機，數碼港與羅兵咸永道香港合辦「走進灣區創業計劃2.0」，助力金融科技及綠色金融初創企業落戶大灣區。此外，數碼港企業Link開發的線上知識分享平台CPN Circle亦繼續協助社群企業實時聯繫專家。

Cecilia Yau, PwC Mainland China and Hong Kong Media Leader, says, "Cyberport and PwC Hong Kong have always been committed to promoting start-up development. Therefore, we are delighted to join hands with Cyberport to organise 'Road to GBA Start-up Programme 2.0' to help Hong Kong start-ups entrepreneurs expand their cross-border business."

羅兵咸永道內地及香港媒體行業主管合夥人邱麗婷表示，「數碼港與羅兵咸永道香港一直致力推廣初創發展，因此我們很高興能夠與數碼港攜手舉辦「走進灣區創業計劃 2.0」，幫助香港初創企業家拓展跨境業務。」

成功源於聯繫

「數碼港科技網絡」肩負光榮使命，利用領先科技企業的前沿技術、工具及服務，為初創企業賦能。我們為「數碼港科技網絡」成員及初創企業舉辦36場業務配對活動，亦為社群企業舉辦各種活動，令他們了解最新的技術發展，發現商機。我們與「數碼港科技網絡」成員、以色列跨國網絡安全公司Check Point Software Technologies Ltd.攜手推出「網絡安全創新計劃」，助力逾20間初創企業提高網絡安全意識，強化企業網絡安全解決方案，並達到全球安全標準。該計劃亦設數碼解決方案比賽—「網絡安全創新比賽」，培育相關領域人才，提高香港在網絡安全領域的競爭力。另一方面，透過香港貨品編碼協會，逾20間公司得以了解貿易融資及智慧運營領域的領先數據標準及技術，激發他們探求數據智慧的力量。

為配合該主題，數碼港學院與Google香港攜手推出「初創與金融科技燃亮計劃」，為140間初創企業提供基礎設施、運算資源及技術提升支援。該計劃亦為36間公司提供價值3,917萬港元的Google Cloud使用額，幫助他們進行創新、擴大業務及實現增長。此外，數碼港學院與Grow with Google推出「初創數碼技能培訓系列」，分四場課程展示如何透過Google的資源推行業務創新及提升業務效率。

Argon Ho, Managing Director of Check Point Software Technologies Limited (Greater China) says that Check Point hopes to advance the different start-up solutions to achieve a globalised security standard, to ensure the most comprehensive protection for companies through collaboration with Cyberport. Check Point 大中華區董事總經理何偉國表示，Check Point 希望通過與數碼港的合作，推動不同初創企業研發世界級安全標準的解決方案，確保為企業提供最全面的保護。

The winners of **Secure by Innovation Competition** under Fin Tech and Non-Fin Tech categories earn the valuable opportunity to exchange I&T experiences in Israel, with Mr Amir Lat, Consul General of the State of Israel in Hong Kong SAR and Macao SAR, presented the trophies to the winners. 勝出「網絡安全創新比賽」(金融科技)及「非金融科技」組別的初創企業獲得前往以色列交流創科技術的寶貴機會，並由以色列駐香港及澳門總領事藍天銘頒發獎項。

In response to the emergence of virtual assets and central bank digital currency (CBDC), Cyberport collaborated with R3, a **CTN** partner, and Hang Seng Bank, a **Cyberport Enterprise Network** partner, to host **R3 Digital Currency Summit**. The event gathered financial industry leaders, local and international authorities, banks, business consultancies, and community companies to discuss the latest digital currency trends and how financial institutions can capitalise on CBDC opportunities. **CTN** also enabled five more community companies to take advantage of the **Subsidy Scheme for Encouraging Early Deployment of 5G** of the Office of the Communications Authority, bringing the total cases approved to 43.

為應對虛擬資產及央行數碼貨幣的出現，數碼港聯合「數碼港科技網絡」合作夥伴R3以及「數碼港企業網絡」夥伴恒生銀行合辦「R3數碼貨幣峰會」。金融業領袖、本地及國際監管機構、銀行、商業諮詢顧問及社群企業齊聚一堂，共同探討數碼貨幣的最新趨勢，以及金融機構如何把握央行數碼貨幣的機遇。「數碼港科技網絡」亦新增五間社群企業獲批通訊事務管理局辦公室的「鼓勵及早使用5G技術資助計劃」，獲批的個案總數達43個。

To help companies and start-ups seize business opportunities offered by Central Bank Digital CBDC through blockchain, Cyberport, in collaboration with the enterprise technology and services firm R3 co-organised **"R3 Digital Currency Summit"**, with the support of Hang Seng Bank. 為協助企業及初創企業通過區塊鏈把握央行數碼貨幣的機遇，數碼港與企業科技及服務公司 R3 在恒生銀行支持下舉辦「R3數碼貨幣峰會」。

Financial Innovations Uplifts Industry Development

Cyberport's FinTech cluster continued to spearhead Hong Kong's financial innovation in 2022/23. The 406 companies in the community contributed a plethora of practical solutions to empower businesses while offering trailblazing innovations to unlock new horizons, such as virtual assets, green finance, ESG, and Web3. We also worked with the FinTech community to develop talent for the I&T and financial sectors, elevating Hong Kong's FinTech prowess and solidifying its position as a forward-thinking international financial hub.

金融創新提升產業發展

於2022/23年度，數碼港的金融科技集群繼續引領香港的金融創新發展。406間社群企業貢獻大量實用解決方案為企業賦能，同時以開拓性思維另闢新天地，例如虛擬資產、綠色金融、ESG及Web3。我們亦與金融科技社群合作，為創新科技及金融業培訓人才，提升香港的金融科技實力，鞏固香港作為具前瞻性視野的國際金融中心的地位。

Cyberport's holistic support to the FinTech ecosystem accelerated the sector's growth and impact. Following the success of the inaugural **FinTech Proof-of-Concept Subsidy Scheme (PoC)** in 2021, the Financial Services and the Treasury Bureau commissioned us to administer a new round of the programme, encouraging more financial institutions to partner with FinTech start-ups and companies and conduct proof-of-concept projects. PoC 2022 increased the subsidy amount to HK\$150,000 – HK\$400,000 maximum per project. It also broadened eligibility to include research institutions and allowed for greater flexibility in the number of projects that each FinTech company or research institution could pursue under the scheme. The two rounds of PoC Scheme approved a total of 149 projects, including cross-border applications, federated learning, and solutions that address industry-wide bottlenecks.

Empowering FinTech companies, we collaborated with Accenture to co-host the 9th edition of the **FinTech Innovation Lab Asia-Pacific 2022**. The 12-week accelerator programme supercharges the growth of companies developing innovative FinTech, and other emerging technologies. To expand impact and engagement, Cyberport, Accenture, and FinTech Innovation Lab Asia-Pacific co-organised the inaugural Accenture x Cyberport **FinTech's Finest Forum**, under the theme of "Cultivate. Elevate. Accelerate". Thought leaders from the Financial Services and the Treasury Bureau (FSTB), Hong Kong Monetary Authority (HKMA), Securities and Futures Commission, Insurance Authority, Manulife, J.P. Morgan, AIA Hong Kong and Macau, Hang Seng Bank, and Invest Hong Kong shared their insights on topics such as RegTech, insurTech, sustainability, metaverse, and NFT. Additionally, our start-ups showcased the latest FinTech innovations at the event, to propel innovation and growth in Hong Kong's financial services industry.

Collaborating with Accenture, we also held the **FinTech's Finest Forum 2022**, engaging more than 200 participants including representatives from the HKSAR Government, regulators, business leaders, investors, financial institutions, insurers, and community start-ups in exchanging ideas on hot topics such as digital assets, metaverse, and sustainability during the roundtable and panel discussions. The forum featured the alumni from the FinTech Innovation Lab Asia-Pacific, and FinTech companies, in promoting FinTech adoption in the financial industry, and created opportunities for start-ups to strengthen ties with investors, financial institutions, and business partners.

To celebrate the nine-year collaboration of Cyberport with Accenture on the FinTech Innovation Lab Asia-Pacific, alumni of the programme and FinTech start-ups exhibited their innovative solutions, and thought leaders shared their insights on how to build a more sustainable financial system by using blockchain and artificial intelligence technologies to improve ESG measurement and performance with greater transparency. 數碼港與埃森哲合辦的「亞太區金融科技創新實驗室計劃」(FinTech Innovation Lab Asia-Pacific, FILAP) 成立九周年，過往參與企業及金融科技初創企業展示金融科技方案外，亦有嘉賓分享利用區塊鏈和人工智能(AI)科技，構建一個可持續的金融體系，以更高的透明度改善ESG的計算和成效。

To continue promoting the use of regulatory technology (RegTech) in the aspect of Anti-Money Laundering (AML), two **Anti-Money Laundering RegTech Labs (AMLab)** were held in collaboration with the Hong Kong Monetary Authority (HKMA) to allow automation of repetitive and time-intensive processes and encourage banks to strengthen their capabilities with technology to protect customers from fraud and financial crime losses. The labs were followed by a **RegTech Connect** session, in which Cyberport community companies met with banks to demonstrate their RegTech tools and services.

數碼港對金融科技生態系統提供全面支援，推動行業加速發展，影響擴大。繼2021年首屆「拍住上」**金融科技概念驗證測試資助計劃**（「拍住上」）大獲成功後，財經事務及庫務局委託我們管理新一輪計劃，鼓勵更多金融機構與金融科技初創企業及公司合作，開展概念驗證項目。「拍住上」2022每個項目的資助額提升為15萬港元至最高40萬港元。該計劃亦將申請資格擴大至研究機構，並就各金融科技初創企業或研究機構在該計劃下開展的項目數量給予更大靈活性。兩輪「拍住上」計劃共批准149個項目，包括跨境應用、聯邦學習以及解決整個行業瓶頸的方案等。

我們與埃森哲合作，共同主辦第九屆「**亞太金融科技創新實驗室2022**」，為金融科技初創企業賦能。此項加速器計劃為期12周，為開發創新型金融科技及新興科技的公司發展注入動力。為擴大影響力及參與度，數碼港聯同埃森哲及亞太金融科技創新實驗室舉辦首屆「**金融科技精英論壇**」，主題為「Cultivate. Elevate. Accelerate」。論壇亦邀請財經事務及庫務局、香港金融管理局、證監會、保險業監管局、宏利香港、摩根大通、友邦保險、恒生銀行及投資推廣署等行業領袖分享對監管科技、保險科技、可持續發展、元宇宙及NFTs等議題的見解。此外，我們的初創企業在該論壇上展示了最新的金融科技創新方案，旨在推動香港金融服務業的創新發展。

我們亦與埃森哲合辦「**金融科技精英論壇2022**」，吸引200多名與會者（包括來自香港特區政府、監管機構、商界領袖、投資者、金融機構、保險公司及社群初創企業的代表）。與會者在圓桌會議和小組討論中就數字資產、元宇宙和可持續性等問題交換了意見。亞太金融科技創新實驗室的校友及金融科技初創企業亦參與論壇。該論壇推動金融科技在金融業的應用，並為初創企業加強與投資者、金融機構及商業夥伴的聯繫創造機會。

為繼續在反洗錢工作中推廣合規科技，並將重複性和費時的流程自動化，我們兩度與香港金融管理局（金管局）合作舉辦「**反洗錢合規科技實驗室**」(AMLab)，鼓勵銀行提升技術能力，保護客戶免受欺詐及金融犯罪的損失。在此之後亦舉辦「**合規科技聯繫**」，由數碼港社群企業與銀行會面，示範其合規科技工具及服務。

During the year, Cyberport and HKMA co-organised the second Anti-Money Laundering RegTech Lab, focuses on low-barrier, easy-to-implement technologies. Participating banks collaborate with technical experts to gain hands-on experience with "enabling technologies" and explore potential use cases. 年內，數碼港與金管局合辦第二次AMLab，主要聚焦門檻較低及容易落實的科技。參與的銀行與技術專家合作，獲得使用「易用科技」的實踐經驗，及探討潛在用例。

Cyberport continued to share our thought-leadership and showcase community companies at high-profile industry events. In response to the government's policy statement on the development of virtual assets in Hong Kong, we hosted a thematic breakout forum at the **Asian Financial Forum 2023** to explore opportunities and challenges with virtual assets. Three start-ups discussed how decentralisation and blockchain technology fosters development in the Web3 era. We also showcased cutting-edge innovations from 36 FinTech start-ups at the event. At the **Hong Kong FinTech Week 2022**, at which Cyberport is a FinTech partner, Cyberport invited community FinTech companies to share the latest in WealthTech and RegTech as well as how FinTech companies can facilitate financing and alternative investment. Nearly 50 community start-ups exhibited physically at the event or virtually on the event's platform.

數碼港繼續在備受注目的業界活動中，分享我們的想法，並展示社群企業的風采。為回應政府的虛擬資產在港發展政策宣言，我們在「**2023亞洲金融論壇**」舉行專題分組論壇，探討虛擬資產的機遇及挑戰。三間初創企業探討了去中心化及區塊鏈技術如何促進Web3時代的發展。我們亦在活動中展示36間金融科技初創企業的尖端創新成果。於數碼港作為金融科技合作夥伴的「**2022香港金融科技周**」中，數碼港邀請社群金融科技初創企業分享財富管理科技及合規科技的最新發展，以及金融科技如何推動融資及另類投資。近50間社群初創企業於活動現場參展或在活動平台上進行虛擬展示。

創辦人表示：**

"HashKey Group and Cyberport have always enjoyed a close relationship. HashKey Group counts on Cyberport's diverse Web3 talent pool, advanced I&T infrastructure, and excellent entrepreneurial support to grow rapidly and venture into new frontiers. We look forward to our continued partnership in shaping a successful future together."

「HashKey Group和數碼港一直保持著緊密的關係。獲數碼港多元化的Web3人才庫、先進的創科基礎設施和卓越的創業支持，讓HashKey Group快速成長並開拓新領域。我們期望繼續合作，共塑成功未來。」

Smart Living extensively integrated in Public Life

Hong Kong's pursuit of smarter ways of living has spawned a slew of I&T solutions. In Cyberport's Smart Living cluster, start-ups, companies, and solutions are constantly evolving – from EdTech, GreenTech, and HealthTech to Environment Tech, RetailTech, smart mobility, and more. Innovative solutions span across all sectors of life, including health and apparel, food, living, mobility, education, entertainment, and cater to all age groups. In 2022/23, Cyberport fostered Smart Living development through incubation and connecting start-ups and companies with target stakeholders and markets. This is also in line with the government's strategy to build a smarter Hong Kong.

PropTech Buttresses Smart City Transformation

Cyberport and the Hong Kong Housing Society (HKHS) collaborated to establish the city's first property technology (PropTech) co-working space – Smart-Space PropTech, located in HKHS' new office in the Northern Metropolis. The five-year partnership aims to promote the development and application of PropTech and smart city solutions, including smart building, property management, smart home, construction technology, green technology, smart retail, and more. The co-working space will serve as a venue for proof-of-concept (PoC) demonstration and validation, as well as a platform for cultivating entrepreneurial talent and incubating start-ups.

Smart-Space PropTech is located inside HKHS's new regional office in Fanling, occupies two floors with a total usable area of 8,000 square feet. Smart-Space PropTech utilises green and recyclable materials to achieve sustainable operations. The co-working space also tests and adopts the environmental, social and governance (ESG) solutions developed by Cyberport startups to monitor and manage the environment impacts.

Smart-Space PropTech設於房協位於粉嶺新成立的區域辦事處，佔地兩層，總面積達八千平方呎。Smart-Space PropTech選用綠色及可循環再用物料，以達到可持續營運，並測試採用數碼港初創企業的環境、社會及管治方案，監察及管理環境影響。

Start-ups selected to join the co-working space will receive HKHS funding and mentoring on housing development and management. They will also have access to HKHS rental estates and commercial buildings to conduct PoC field trials and real-world data collection. At the same time, Cyberport will provide entrepreneurial guidance and organise activities to promote innovation in the construction industry, steering Hong Kong's transformation into a city of the future.

Sharing the latest developments of Cyberport with stakeholders, we equipped them with the relevant knowledge and skills, and connected them to solutions available from the Cyberport community. During the year, we hosted a **visit by members of the Legislative Council Subcommittee on Matters Relating to the Development of Smart City** and the Permanent Secretary for Financial Services and the Treasury (Financial Services). In addition to introducing Cyberport's latest efforts in promoting Hong Kong's I&T growth, start-ups met with lawmakers and policymakers to exchange ideas.

Members of the Legislative Council (LegCo) Subcommittee on Matters Relating to the Development of Smart City and Salina Yan, Permanent Secretary for Financial Services and the Treasury (Financial Services), visited Cyberport to learn more about the community's latest development and effort in promoting innovation and technology in Hong Kong. 立法會發展智慧城市事宜小組委員會成員及財經事務及庫務局常任秘書長(財經事務)甄美薇到訪數碼港，了解數碼港最新發展及推動本港創新科技的工作。

智慧生活科技廣泛融入大眾生活

智慧生活方式在香港受到追捧，催生大量創新科技解決方案。在數碼港的智慧生活集群中，初創企業、公司及解決方案均在不斷發展，涵蓋教育科技、綠色科技、健康科技，以至環境科技、零售科技、智慧出行等，應有盡有。創新方案橫跨生活的各個領域，包括健康與服裝、食品、居住、交通、教育、娛樂，並且適用於各個年齡層。於2022/23年度，數碼港透過培育初創企業及公司並為他們對接目標持份者及市場，促進智慧生活的發展，與政府建設智慧香港策略不謀而合。

房地產科技助力智慧城市轉型

數碼港與香港房屋協會(房協)合作建立香港首個房地產科技共享工作室 – Smart-Space PropTech，坐落於香港房屋協會北部都會區新辦公室。該項為期五年的合作旨在提升房地產科技以及智慧城市解決方案的發展和應用，包括智慧大廈、物業管理、智慧家居、建築科技、綠色科技、智慧零售等等。共享辦公室將作為概念驗證測試場景以及培育創業人才和孵化初創企業的平台。

入選共享辦公室的初創企業將獲得香港房屋協會的資助和房屋開發與管理方面的指導。初創企業亦可使用香港房屋協會的屋邨及商業大廈，進行概念驗證實地測試及實際數據收集。同時，數碼港將提供創業指導並組織活動，以推動建築業的創新，帶領香港轉型至未來城市。

我們樂於與持份者分享數碼港最新發展，為他們提供相關的知識及技能，以及數碼港社群提供的解決方案。年內，我們接待**立法會發展智慧城市事宜小組委員會成員及財經事務及庫務局常任秘書長(財經事務)的到訪**。除介紹數碼港在推動香港創新科技發展方面的最新工作外，亦安排初創企業與立法會議員及決策者會面，交流意見。

EdTech Offers Window into the Future

With the continued embrace of EdTech in the education sector to enhance instruction, learning, and communication with students and parents, Cyberport's EdTech cluster now includes 176 start-ups. To promote our EdTech start-ups and STEAM-related solutions to educators, as well as demonstrate Cyberport's capacities as an EdTech hub, we led 27 community companies to exhibit at the **Learning & Teaching Expo 2022**. They showcased a wide range of EdTech solutions, spanning immersive learning, STEAM education, e-learning platforms, digital school management systems, and solutions for students with special educational needs.

Showcasing Our Start-ups to the World

With a diversity of Smart Living solutions, Cyberport constantly seeks platforms for start-ups and companies to amplify their exposure to key markets and stakeholders. We arranged for HealthTech community companies to exhibit their solutions at the **Asia Summit on Global Health 2022**, where Cyberport was a Health Innovation Partner. **InnoTech Expo 2022**, organised by Our Hong Kong Foundation, showcased Hong Kong's scientific research achievements since the establishment of the HKSAR 25 years ago, and Cyberport's incubatee Gense Technologies was the only start-up to be showcased at the Hong Kong scientific research achievement exhibition. We also organised Smart Living and FinTech companies to showcase their innovations at the **Innovation & Technology Solutions Expo 2022**. Start-ups were also invited to exhibit at the Cyberport Pavilion at prominent industry events, such as the **ICT Expo 2022**.

InnoTech Expo 2022, organised by Our Hong Kong Foundation, showcased Hong Kong's scientific research achievements since the establishment of the HKSAR 25 years ago, and Cyberport's incubatee Gense Technologies was the only start-up to be showcased at the Hong Kong scientific research achievement exhibition. 團結香港基金舉辦「創科博覽2022」，展示香港特別行政區成立25周年的科研成果，數碼港培育計劃畢業初創企業尖思科研(Gense Technologies)是香港特區成立25周年科研成果展中唯一入選的初創企業。

GreenTech Promotes Sustainability for All

A better world is ready for everyone. Community companies developing I&T solutions for ESG and sustainability are also on the rise. Aside from smart mobility, smart building/construction, Environment Tech, and robotics/IoT, start-ups are emerging in the green finance and sustainable corporate development space, offering solutions such as ESG reporting and investing, carbon credit trading, and digital marketplace for responsible sourcing. To highlight this strong development, we hosted an "Embracing Green Technology and Talent Cultivation in the Greater Bay Area" breakout session at the seventh **Belt and Road Summit 2022**. A fireside chat with community GreenTech start-ups was also held to explore green and sustainable FinTech in the GBA, and start-ups that have successfully expanded into the GBA shared their experiences at a panel discussion. Eight community companies displayed their solutions at the virtual GBA zone and met with potential partners.

教育科技提供通向未來的窗口

隨著教育界不斷採用教育科技以加強教學、學習，以及與學生及家長的溝通，數碼港的教育科技集群現已發展至176間初創企業。為向教育工作者推廣我們的教育科技初創企業及STEAM相關解決方案，同時展示數碼港作為教育科技樞紐的先進能力，我們率領27間社群企業參展「**學與教博覽2022**」。社群企業介紹其多元化教育科技解決方案，當中涵蓋沉浸式教學、STEAM教學支援、線上學習平台、數碼化校園管理系統、照顧特殊學習需要學生的學習方案等。

向世界展示我們的初創企業

數碼港擁有多元化的智慧生活方案，一直致力為初創企業及公司尋找平台，擴大他們在主要市場及持份者中的曝光率。作為「**亞洲醫療健康高峰論壇2022**」的健康創新合作夥伴，數碼港特安排健康科技社群企業於該論壇展示方案。團結香港基金舉辦「**創科博覽2022**」，展示香港特別行政區成立25周年的科研成果，數碼港培育計劃畢業初創企業尖思科研(Gense Technologies)是香港特區成立25周年科研成果展中唯一入選的初創企業。另外，我們組織了智慧生活及金融科技企業於「**創科方案博覽2022**」上展示創新方案。初創企業亦受「**國際資訊科技博覽2022**」等著名行業活動邀請於數碼港展館參展。

綠色科技促進全民可持續發展

美好世界，指日可待。為ESG及可持續發展開發創新科技解決方案的社群企業亦在不斷增加。除智慧出行、智慧大廈／建築、環境科技及機械人／物聯網領域外，綠色金融及可持續企業發展領域的初創企業亦在不斷湧現，提供的解決方案涉及ESG報告及投資、碳信用交易及負責任採購數字市場等。為凸顯這一強勁發展勢頭，我們在第七屆「**一帶一路高峰論壇2022**」上舉辦「**拓展大灣區綠色科技與人才培訓**」專題分組討論。此外，我們亦與社群綠色科技初創企業進行爐邊對話，探討大灣區綠色和可持續金融科技，成功進軍大灣區的初創企業亦在小組討論中分享經驗。八間社群企業於大灣區虛擬展區展示解決方案，並與潛在合作夥伴交流。

Digital Entertainment Runs Strongly at the Forefront

As one of the key technology clusters of Cyberport, our Digital Entertainment community has become an influential cluster in Hong Kong, leading the development of the industry through signature events such as **Digital Entertainment Leadership Forum (DELF)** and various other initiatives.

Building on the momentum of blockchain gaming, esports, ArtTech, immersive metaverse entertainment, and other exciting new developments, Cyberport's Digital Entertainment community has grown to include 168 start-ups and companies. The growth and progress of this ecosystem were evident. Most notably, VAR Live, a VR/esports start-up operating in 12 countries and regions, successfully completed a Series A round, resulting in a valuation of HK\$620 million.

Cyberport continued to catalyse esports start-up development through the **Cyberport Creative Micro Fund (CCMF)** and **Cyberport Incubation Programme (CIP)**. We also leverage the **Esports Industry Facilitation Scheme (EIFS)** and **Esports Internship Scheme (EIS)** to foster industry growth. During the year, **EIFS** supported the "Road to Asian Games" pre-qualification tournament, in which Hong Kong esports teams were selected to compete at the 19th Asian Games, where esports would be an official medal event for the first time. **EIFS** also supported the International Coding Education Festival to cultivate youth STEM learning, attracting nearly 1,000 participants from Hong Kong, Macau, and Taiwan. In addition, we collaborated closely with industry associations such as the Hong Kong Digital Entertainment Association and Create Hong Kong to provide start-ups with training, coaching, and business matching opportunities. We also capitalised on the **3rd Hong Kong Game Enhancement and Promotion Scheme** to extend such support. Four of the Cyberport start-ups that participated in the scheme were selected as the most outstanding companies and received dedicated support to accelerate their development.

Cyberport also continued to support the selection of esports players and teams to compete in tournaments, including the 14th IESF World Esports Championships in Bali, Indonesia, the Hong Kong FIFA Ultimate Team Master League Season 3, the Asia Mobile Esports Tournament 2022, as well as the 19th Asian Games in Hangzhou.

Throughout the year, we supported a variety of "esports for all" activities to demonstrate the applications of esports beyond gaming and broaden engagement. These included the 2022 eGolf Championships to demonstrate the integration of esports into mainstream sport; the BC360 eSport competition to promote esports' applications to prevent dementia; the AWS DeepRacer League 2022 to show the benefits of AI-powered STEM learning; and the 4th Hong Kong Motorsport Festival to share the joy of immersive auto racing. We also received esports and SportsTech-themed visits by students at the Hong Kong Shue Yan University to inspire the next generation.

In Digital Entertainment, Cyberport nominated and arranged community companies to speak or exhibit at industry conferences. During the year, start-ups and companies attended events such as the **Asia MENA Culture Technology Economic Collaboration Forum**, the **Macau International Innovation Festival**, and the **"Scaling Hong Kong to the Nordics"** delegation to build connections and capture opportunities both at home and abroad.

數碼娛樂強勢崛起

作為數碼港主力發展的科技範疇之一，我們的數碼娛樂社群已成為香港具有影響力的科技集群，透過「數碼娛樂領袖論壇」以及其他各種活動，帶領行業發展。

在區塊鏈遊戲、電競、藝術科技、沉浸式元宇宙娛樂及其他令人欣喜的新型發展所帶動下，數碼港的數碼娛樂社群已發展到包括168間初創企業及公司。該生態系統的發展與進步有目共睹。其中，於12個國家及地區運營的VR/電競初創企業VAR Live成功完成A輪融資，估值達6.2億港元。

數碼港繼續透過「數碼港創意微型基金(CCMF)」及「數碼港培育計劃(CIP)」，促進電競初創企業的發展。我們亦憑藉「電競行業支援計劃(EIFS)」和「電競實習支援計劃(EIS)」促進行業發展。年內，「電競行業支援計劃」支援了「亞運征途」預選賽，香港電競團隊成功入選並參與角逐第19屆亞運會，而此次亞運會將首次確立電競比賽為正式獎牌項目。「電競行業支援計劃」還支援培養青少年STEM學習的「國際編程教育節」，吸引來自港澳台近千名參與者。此外，我們與香港數碼娛樂協會及創意香港等業界組織緊密合作，為初創企業提供培訓、指導及商務配對機會。我們還借力**第三屆「香港遊戲優化和推廣計劃」**擴大支援。參與該計劃的四間數碼港的初創企業獲評選為最佳傑出公司，並獲得了專項支援，加快發展。

數碼港亦繼續支持選拔電競選手和隊伍參與比賽，包括於印尼峇里島舉行的第14屆國際電子競技聯盟世界賽、香港FIFA Ultimate Team大師賽第3賽季、Asia Mobile Esports Tournament 2022，以及於杭州舉行的第19屆亞運會。

年內，我們支持了各類型「全民電競」活動，以展示電競在遊戲之外的應用和擴大的參與度。活動包括：「2022 電競高爾夫球錦標賽」，展示電競與主流運動的融合；「愛腦·認知360電競」，推廣電競在預防認知障礙症的應用；「AWS DeepRacer 學界盃2022」，展示人工智能推動STEM學習的益處及「第4屆香港賽車運動節」，分享沉浸式賽車樂趣。我們亦接待香港樹仁大學學生以電競及運動科技為主題的來訪，以啟發下一代參與電競活動。

於數碼娛樂方面，數碼港推薦及安排社群企業於行業會議上演講或參展。年內，初創企業及公司參加「亞洲與大中東地區文化科技經濟高峰論壇」、「澳門國際創新節」及「香港數碼娛樂及遊戲企業北歐市場擴展計劃」代表團等活動，於國內外建立聯繫及把握機遇。

The breadth of possibilities in Digital Entertainment, arts, sports, and the metaverse were highlighted at the **Digital Entertainment Leadership Forum 2022 (DELF 2022)**. The annual signature event, held both physically and in Decentraland, brought together more than 70 speakers to speak on the theme "Transcending Entertainment Beyond Reality and Virtuality". The event drew a record participation of over 2,800 attendees from nearly 30 countries and regions, with 280,000 views. More than 80 showcases and workshops were held, along with over 10 live esports tournaments to meet the needs of companies and interests of general audiences. Participants were able to experience the thrill and potential of the metaverse first-hand by visiting six experience zones, including Metaverse Innovations; ArtTech Showcase; Metaverse Arena@Decentraland; Free & Personalised NFT collectibles; SportsTech Action; and Live Youth Esports Tournaments.

Cyberport's annual flagship event, Digital Entertainment Leadership Forum 2022 centred on the theme "Transcending Entertainment Beyond Reality and Virtuality". 數碼港主辦的年度盛事「2022數碼娛樂領袖論壇」圍繞主題「跨越虛實·娛樂無界」。

ArtTech is a core component of Digital Entertainment and Hong Kong's ambition to become a centre for international cultural exchange. To bolster ArtTech development, Cyberport signed a Memorandum of Understanding (MoU) with the Hong Kong Designers Association (HKDA) during DELF 2022 to support artists and promote collaboration between art and I&T.

With talent cultivation essential to sustainable industry growth, Cyberport once again collaborated with the Association of Pacific Rim Universities to host the **APRU MetaGame Conference 2022** on the second day of DELF 2022. Academic and industry leaders from North and South America as well as the Asia-Pacific region discussed how universities can broaden their scope to cultivate tomorrow's esports leaders. The event also included policy discussions, shedding light on next-generation learning through esports, and featured an esports tournament. Altogether, DELF 2022 generated more than 110 hours of content as well as 470 items of coverage from media.

「2022數碼娛樂領袖論壇」強調數碼娛樂、藝術、運動及元宇宙的廣泛可能性。此一年一度的標誌性活動同時以實體形式及在線上平台Decentraland舉行，70多位演講嘉賓圍繞「跨越虛實·娛樂無界」這一主題發表演講。來自近30個國家和地區的2,800多位參與者參加該活動，觀看人次達到28萬，創下歷史新高。活動期間舉辦80多場展示及研討會，以及10多場現場競技，以滿足企業的需求及一般觀眾的興趣。與會者可以通過參觀六個體驗區，包括元宇宙創新、藝術科技展示、Decentraland元宇宙展館、免費及個性化的NFT收藏品、運動科技比拼及青年電競比賽直播，親身體驗元宇宙的震撼及潛力。

藝術科技是數碼娛樂的核心部分，也是香港邁向國際文化交流中心的重要一環。為促進藝術科技的發展，數碼港在「2022數碼娛樂領袖論壇」期間，與香港設計師協會訂立了合作備忘錄，支援藝術家，並推動藝術與創新科技的合作。

人才培育對行業的可持續發展至關重要，數碼港再次與環太平洋大學協會合作，於「2022數碼娛樂領袖論壇」第二日舉辦「2022環太平洋大學聯盟電競MetaGame會議」。來自北美、南美及亞太地區的學術及行業領袖共同探討大學如何拓展青年人視野，培育未來的電競領袖。會議議題亦包括政策討論、透過電競促進下一代學習，以及一場電競比賽。「2022數碼娛樂領袖論壇」整個活動提供超過110小時的精彩內容及470篇媒體報導。

During **DEL F 2022**, Cyberport also signed an MoU with Aquabloom SportsTech Group (ABSG) to foster an ecosystem conducive to the growth of SportsTech innovators. The goal is to shape Hong Kong into a hub for SportsTech innovation in Greater China and Asia and generate business opportunities for sports innovation in Hong Kong and the region. Cyberport and ABSG also organised an ABC DE SportsTech Pitching Contest 2022 during **DEL F**, where five community companies competed for SportsTech investment with overseas counterparts. At the Cyberport Venture Capital Forum 2022, Cyberport and ABSG further hosted a SportsTech investment panel, gathering speakers to discuss "Global Positioning: The Driving Force for Soaring Valuation of APAC Sports Tech Companies". Another networking event was held during the year, where representatives from Greater China's innovative platforms, capital markets, universities, sports associations, and SportsTech companies exchanged insights and stakeholders built connections.

在「**2022 數碼娛樂領袖論壇**」期間，數碼港與 Aquabloom SportsTech Group (ABSG)訂立了合作備忘錄，培育有利於體育科技創新者成長的生態系統，其目標是把香港打造成大中華及亞洲的體育科技創新樞紐，並為香港及區內的體育科技創新創造商機。數碼港與ABSG還在「**數碼娛樂領袖論壇**」期間舉辦了ABC DE SportsTech Pitching Contest 2022，讓五間社群企業與海外公司競逐體育科技投資。於2022年數碼港創業投資論壇上，數碼港與ABSG進一步舉辦了體育科技投資座談會，邀請講者討論「全球定位：亞太區體育科技公司估值飆升的驅動力」。年內亦舉辦了另一場交流活動，在活動上來自大中華區創新平台、資本市場、大學、體育協會和體育科技公司的代表交流了見解，且利益相關者建立了聯繫。

During DEL F 2022, Cyberport signed an MoU with Aquabloom SportsTech Group (ABSG) to foster an ecosystem conducive to the growth of SportsTech innovators. 在「2022 數碼娛樂領袖論壇」期間，數碼港與 Aquabloom SportsTech Group (ABSG)訂立了合作備忘錄，培育有利於體育科技創新者成長的生態系統。

Web3 Developments Generate Unseen Excitement for Our Community

Web3 is undeniably one of the most promising fields of development, with the potential to revolutionise everything from finance, business, education, architecture, art, sports, entertainment. Cyberport's Web3 cluster has grown to over 210 companies, including Animoca Brands, a unicorn and one of the world's most prominent Web3 companies, as well as companies engaging in virtual assets, blockchain infrastructure, metaverse, and NFT innovations. Web3 has strong potential in the future: In the 2023 Budget, the Hong Kong government explicitly identified Web3's potential and allocated resources to Cyberport to accelerate the field's development.

The **Web3 Hub@Cyberport** was established by Cyberport in January 2023 to fortify Hong Kong's Web3 leadership and competitiveness. It aims to foster the growth and development of the Web3 industry in Hong Kong, cultivate diverse Web3 talent, drive the adoption of Web3 technologies, and raise awareness and understanding of Web3's potential among the public and our stakeholders. The **Web3 Living Lab** was opened in August to showcase the latest Web3 applications and promote its adoption. As of September, 2023, over 3,000 participants, including Web3 entrepreneurs, developers and university students, attended four online and offline Web3 training and workshops through the newly established Web3 Academy. Cyberport also has organised 10 Web3 community building events for over 850 industry practitioners and investors to learn about the latest trends and build network.

Paving the way for broader Web3 development, Cyberport hosted a variety of industry development and public engagement events throughout the year. We gathered global Web3 entrepreneurs and investors to exchange ideas at the **Cyberport Venture Capital Forum**, **Digital Leadership Entertainment Forum** and **Digital Economy Summit**. We also supported seven local and international events to foster knowledge sharing, networking, and collaboration, benefitting more than 8,000 participants. To further boost our efforts, a monthly Industry Development Series was launched to connect industry members and stakeholders as well as encourage Web3 community networking and development. These events include Web3 Connect, Demo Day, and collaboration and technical dialogues.

Web3的發展助力社群迅猛發展

Web3無疑是最具發展潛力的發展領域之一，有望革新金融、商業、教育、建築、藝術、體育、娛樂等領域。數碼港的Web3集群已發展到超過210間公司，其中包括全球最著名的Web3公司之一的獨角獸企業 Animoca Brands，以及從事虛擬資產、區塊鏈基礎設施、元宇宙及非同質化代幣 (NFT)創新的公司。Web3未來潛力巨大：在《2023年財政預算案》中，香港政府明確指出Web3的潛力，並向數碼港分配資源，以加快該領域的發展。

為提升香港在Web3方面的領導地位及競爭力，數碼港今年一月成立「**數碼港Web3基地**」，旨在促進香港Web3產業的增長及發展、培育不同的Web3人才、推動Web3技術的應用，以及提高公眾及持份者對Web3潛力的認識及了解。「**Web3生活體驗館**」於今年8月開幕，展示及推廣Web3的最新應用。截至2023年9月，逾3,000名參與者（包括Web3企業家、開發者及大學生）曾透過新成立的Web3學院參與四次線上及線下Web3培訓和研討會。數碼港亦為逾850名業界從業人員和投資者組織了10次Web3社群建設活動，讓他們了解最新趨勢並建立聯繫。

數碼港全年舉辦多項業界發展及公眾參與活動，助力Web3的長遠發展。我們在「**數碼港創業投資論壇**」、「**數碼娛樂領袖論壇**」及「**數字經濟峰會**」上匯聚全球Web3企業家及投資者交流意見。我們亦支持了七項本地及國際活動，以促進知識分享、聯繫及合作，逾8,000名人士從中獲益。為進一步推動工作，我們每月推出「行業發展系列」活動，加大行業成員與持份者的互動聯繫，並鼓勵Web3社群的網絡建設與發展。活動包括Web3 Connect、Demo Day、合作及技術交流。

SportsTech Inspires and Touches New Generation of Start-Ups

New start-ups are continuously joining the Cyberport community and forming clusters around emerging innovations. To boost dynamic growth and greater diversity in Hong Kong's I&T advancement, Cyberport actively expands its support - SportsTech is one such example.

The convergence of tech, sports, and wellness has resulted in a new generation of start-ups in the Cyberport community, including athletes putting their knowledge and experience to work in I&T solutions. In 2022/23, the Cyberport community witnessed the emergence of a multitude of SportsTech solutions providing new digital experiences, ranging from training designed to enhance professional athletes' skills and physical conditioning to fitness and leisure for the public. To leverage on these incredible resources, as well as the government's strong support for local sports development, sports industrialisation, and its provision of sports technology research funds, we launched dedicated promotion to foster growth and facilitate go-to-market efforts.

Recognition and Awards a Sign of Progress

Demonstrating the great impact we are making, Cyberport's community companies continued to score major awards and recognitions both locally and internationally, taking home a total of 184 industry awards in 2022/23.

Our FinTech start-ups secured 29 awards across 15 categories at the **ETNet FinTech Awards 2022**, including all three FinTech of the Year awards. At the **IFTA FinTech and Innovation Awards 2021/22**, five start-ups won top awards in categories that included RegTech, WealthTech, and banking tech, as well as metaverse, NFT, and DeFi; blockchain, cryptocurrency, and cryptoasset exchange providers. Former Cyberport Chairman, Dr George Lam, was also honoured with the **Iconic Star award** for his contributions to Hong Kong's FinTech development. Furthermore, Cyberport Smart Living start-ups clinched 22 awards across 10 categories at the **ETNet Smart Living Partnership Awards 2022**, while Digital Entertainment start-ups swept 12 of the 13 start-up innovation awards at the **NEXXCreate Digital Entertainment Award 2022**.

The Cyberport community shone again at **Hong Kong ICT Awards 2022**, with 27 start-ups clinching 31 awards across seven award categories, including three Grand Awards and nine Gold Awards. Dai3mimi Health-Tech, which developed a material conduction system with acoustic technology, achieved the "Smart Living Grand Award"; Farmacy HK, which specialises in urban farming technology, won the "ICT Startup Grand Award"; and AerospaceTS, developer of interactive flight simulation training, received the "Digital Entertainment Grand Award".

運動科技激勵及觸動新一代初創企業

不斷有新的初創企業加入數碼港社區，並圍繞新興創新打造集群。為促進香港科技創新進步的蓬勃發展和更為多元化的發展，數碼港積極擴大其支援範圍，體育科技就是其中一個例子。

科技、運動及健康的融合推動數碼港社群新一代初創企業誕生，其中包括將個人的知識及經驗應用於創新科技解決方案的運動員。於2022/23年度，數碼港社群湧現眾多提供全新數字體驗的運動科技解決方案，既有提高專業運動員技能及身體素質的訓練，亦有面向大眾的健身及休閒康樂。為善用該等不可多得的資源，加上政府對本地體育發展、體育產業化的大力支持並提供體育技術研究資金，我們推出了專門的推廣計劃，促進成長，並促進進軍市場方面的努力。

持續進步：認可與獎項

於2022/23年度，數碼港社群企業繼續於國內外獲重大獎項及殊榮，共獲得184個行業獎項，展示我們的巨大影響力。

於「**經濟通2022金融科技大獎**」評選中，我們的金融科技初創企業於15個組別中共獲得29個獎項，全數囊括三項年度特別大獎。於「**IFTA金融科技創新大獎2021/2022**」頒獎典禮上，五間初創企業獲得合規科技、財富科技、銀行科技、元宇宙、NFT及DeFi；區塊鏈、加密貨幣及加密資產交易供應商等類別的最高獎項。前數碼港主席林家禮博士亦獲頒發「**璀璨巨星**」獎項，以表彰其對香港金融科技發展作出的寶貴貢獻。此外，數碼港智慧生活初創企業於「**經濟通2022智慧生活夥伴大獎**」的10個組別中贏得22個獎項；而數碼娛樂初創企業則橫掃「**NEXXCreate數碼娛樂大獎2022**」，在13個初創企業創新獎中贏得12個獎項。

數碼港社群初創於「**2022香港資訊及通訊科技獎**」再奪佳績，27間社群初創榮獲31個獎項，包括三個大獎及九個金獎，橫跨七個獎項組別，當中研發嶄新介質傳導音系統的複耳科技 (Dai3mimi Health-Tech)、專注城市農業科技的水耕細作 (Farmacy HK) 以及發展互動模擬飛行培訓的AerospaceTS，分別勇奪「智慧生活大獎」、「資訊科技初創企業大獎」及「數碼娛樂大獎」。

The Cyberport community shone again at **Hong Kong ICT Awards 2022**, with 27 start-ups clinching 31 awards across seven award categories. 數碼港社群初創於「**2022香港資訊及通訊科技獎**」再奪佳績，27間社群初創榮獲31個獎項，橫跨七個獎項組別。

Our FinTech start-ups secured 29 awards across 15 categories at the ETNet FinTech Awards 2022, including all three FinTech of the Year awards. 於「經濟通2022金融科技大獎」評選中，我們的金融科技初創企業獲得15個組別的29個獎項，全數囊括三項年度特別大獎。

Additionally, community company Wizpresso was awarded the first BOCHK Science and Technology Innovation Prize. The company was also named champion at the Hong Kong chapter of the national **“Maker in China” SME Innovation and Entrepreneurship Global Contest 2022** with its regulatory technology solution “Wizpresso Insight”, where another community company, Gense Technologies, finished first runner-up with its portable self-service medical imaging device for remote diagnosis screening and chronic disease monitoring.

此外，社群企業濃說科技榮獲首屆「中銀香港科技創新獎」。該公司亦於**2022年「創客中國」國際中小企業創新創業大賽香港分站賽**以監管科技解決方案「濃說洞察」摘冠，另一間社群企業尖思科研則以用於遠程診斷篩查和慢性疾病監測的便攜式自助醫學成像獲得亞軍。

In “Maker in China” SME Innovation and Entrepreneurship Global Contest 2022, the Hong Kong Chapter, Cyberport community members, Wizpresso and Gense Technologies won the championship and First Runner-up respectively. **2022年「創客中國」國際中小企業創新創業大賽香港分站賽**，數碼港社群成員濃說科技及尖思科研分別獲得冠亞軍。

Looking Forward to More Excitement and Action

Our deep, passionate, and connected work in I&T development has become strategically important for Hong Kong. Throughout the past year, government and national initiatives all outlined specific strategies and supportive measures to spur the city’s I&T growth. The mission for us is now very clear – Cyberport will continue to make every effort to foster the growth of our key clusters and Hong Kong’s vibrant I&T ecosystem, working in tandem with the government to ensure that our city not only thrives as a digital economy, but also realises its full potential as an international I&T hub contributing to national development as envisioned by the 14th Five-Year Plan.

Cyberport is ready to lead Hong Kong into a new and brilliant digital future. We will fully utilise the resources allocated to us by the government, including the Budget’s HK\$265 million earmarked for Cyberport to launch a dedicated incubation programme for Smart Living start-ups, and the HK\$50 million to boost Web3 ecosystem development, and to encourage proof-of-concept projects between start-ups and enterprises. The fruit of our labour, along with the strong dedication of our team and community, places us in a position of strength as we seek the best from this bold new era.

更多精彩計劃 未來可期

我們不遺餘力地深入開展創新科技發展及其相關工作，對香港具有重要策略意義。過去一年，政府及國家均提出具體的策略及支援措施，以推動香港的創新科技發展。我們的任務現已十分明確 – 數碼港將繼續竭盡所能，促進重點集群及香港創新科技生態系統的蓬勃發展，與政府攜手合作，確保香港不僅在數碼經濟方面蓬勃發展，更能充分發揮潛力，按照「十四五」規劃的構思，成為國際創新科技中心，為國家發展作出貢獻。

數碼港已整裝待發，引領香港邁向嶄新及輝煌的數碼未來。我們將善用政府分配予我們的資源，包括《財政預算案》中預留予數碼港的2.65億港元，以推出針對智慧生活初創企業的培育計劃，以及預留5,000萬港元推動Web3生態系統的發展，鼓勵初創企業及公司進行概念驗證項目。團隊和社群的努力和堅持成為我們強大力量，在新時代乘風破浪。
