## **Cyberport Calls for Active Participation in Legislative Council General Election**

**Hong Kong, 23 October 2025** – Cyberport responds positively to Chief Executive Mr John Lee’s call at the launch ceremony for the 2025 Legislative Council General Election held today (23 October), expressing full support for the upcoming eighth-term LegCo election. The nomination period for the 2025 election will officially begin on 24 October 2025.

Cyberport welcomes and fully supports the election, calling on all patriotic, capable, responsible, and community-minded individuals to actively run for LegCo seats. It also encourages voters to enthusiastically cast their ballots on election day, 7 December 2025, to exercise their civic rights and fulfil their civic responsibilities.

**Simon Chan, Chairman of Cyberport** said, “Following the improvement of the electoral system, the Legislative Council has upheld the principle of ‘patriots administering Hong Kong’ and, together with the HKSAR Government, ushered in a new era of constructive interaction between the executive and legislative branches. This has fostered a favourable environment for social and economic development, enabling the innovation and technology sector to advance rapidly, accelerate the development of new productive forces, and build a high-quality digital economy and smart society. Cyberport will actively cooperate with the HKSAR Government’s election arrangements, encouraging community enterprises and industry professionals to participate enthusiastically in the election. The aim is to elect a new cohort of Legislative Council members who are capable, ambitious, and passionate, to drive the continued development of Hong Kong’s innovation and technology sector, strengthen the growth of the digital economy, and use technology to benefit the broader public.”

As Hong Kong’s digital tech hub and AI accelerator, and major startup incubator, Cyberport aspires to see good governance guiding the innovation and technology industry toward more favourable development path. It will actively support the government’s election promotion efforts, including disseminating related messages within the campus, encouraging employees and park enterprises to participate in voting, and providing all feasible conveniences for on-duty staff on election day.

For more information on the 8<sup>th</sup> Legislative Council General Election, please visit the Electoral Affairs Commission website: <http://www.elections.gov.hk>. To learn about election details and voting arrangements, and contribute to Hong Kong’s future.

**About Hong Kong Cyberport**

Wholly owned by the Hong Kong Special Administrative Region (HKSAR) Government, Cyberport is Hong Kong's digital tech hub and AI accelerator, with a vision to empower industry digitalisation and intelligent transformation, to promote digital economy and AI development, and to foster Hong Kong to be an international AI, innovation and technology (I&T) hub. Cyberport gathers over 2,300 companies, including 12 listed companies and 10 unicorns. One-third of onsite companies' founders come from 26 countries and regions, while Cyberport companies have expanded to over 35 global markets.

Cyberport, with Hong Kong's largest AI Supercomputing Centre and AI Lab as the engine, has been building the AI ecosystem with industry-leading AI companies and over 400 AI and data science start-ups. Through development of tech clusters, namely AI, data science, blockchain and cybersecurity, Cyberport empowers industries across smart city and government, banking and finance, digital entertainment, culture and tourism, healthcare, education and training, property management, construction, transportation and logistics, green environment and more, while hosting Hong Kong's largest FinTech community. Commissioned by the HKSAR Government, Cyberport has implemented proof-of-concept and sandbox schemes, subsidisation for digital tech adoption, industry tech training and start-up incubation, to drive technology R&D, translation and commercialisation, thus propelling digital transformation and intelligent upgrade across industry and society.

Also as "State-level Scientific and Technological Enterprise Incubator" and Hong Kong's key incubator, Cyberport supports entrepreneurs with funding and office space, extensive networks of enterprises, investors, technology corporations and professional services for business growth and expansion to Chinese Mainland and overseas markets, all-round facilitation for landing in Hong Kong, talent attraction and cultivation, ready as a launchpad to take start-ups in any stages of development to the next level.
